Dear Toronto Directory Customer:

Thank you for purchasing the 1994 Toronto East City Directory. We are positive that you will find this latest edition a valuable profit tool for your business, especially in the area's of cross-reference and target marketing.

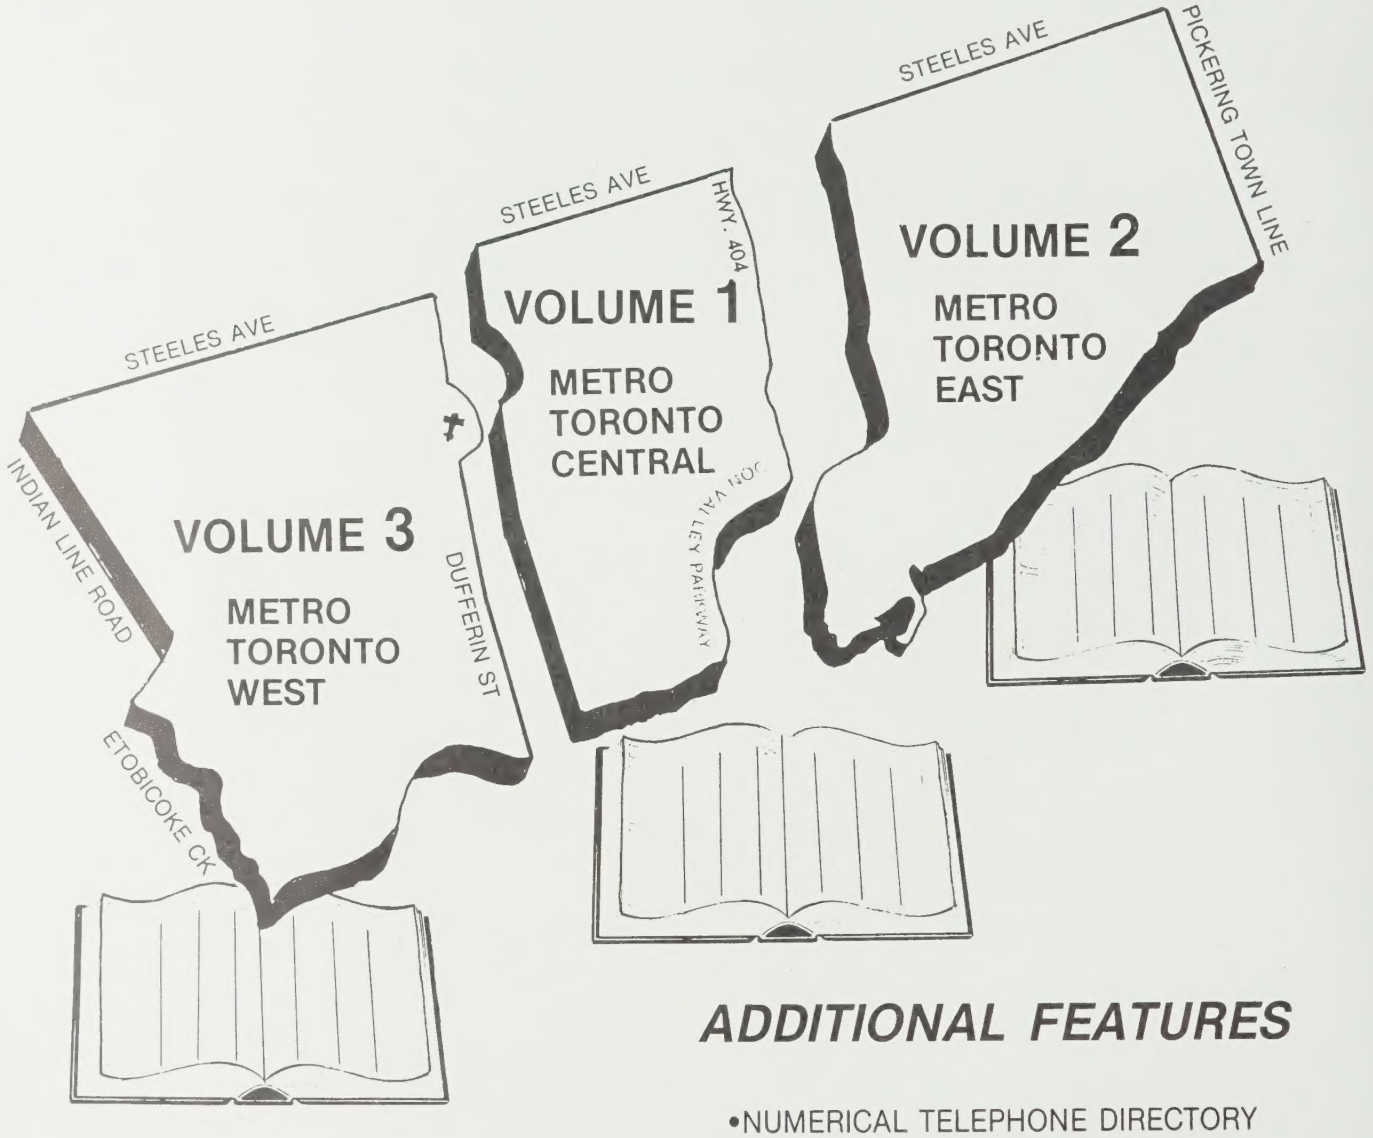
This edition contains many added features and you will find this edition more "user friendly".

New features in the alpha section, include telephone number (when obtained) for both business and household records. Home ownership is denoted by the symbol ⊙. With these additional features the alphabetical section contains all the information for the listing.

Our street guide has also been enhanced. All occupants at the household are now listed. Length of residence up to nine years for each household is shown as [9]. Household and business counts now appear at the end of each street.

Due to the inclusion of these new features it was necessary to publish the Toronto East in two volumes. Volume one contains the classified business directory, the alphabetical directory. Volume two contains the street address directory and the numerical telephone directory as a separate book.

We're confident you will find this new format as well as the new features more valuable for your needs.



Thank you for your patronage,

INTRODUCTION AND GENERAL INDEX

POLK CANADA LTD. publishers of more than 1,300 City and Suburban Directories, presents to subscribers and the general public, this, the latest edition of the City Directory.

Confidence in the continued growth of the city's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted.

The enviable position occupied by POLK CANADA LTD's. Directories in the estimation of the public throughout the United States, has been established by rendering the best in Directory service. With an unrivaled organization and having had the courteous and hearty cooperation of the business and professional community and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the City Directory will fulfill its mission as a source of authentic information.

FOUR MAJOR DIRECTORIES

I. THE CLASSIFIED BUSINESS DIRECTORY is the first major directory, printed on yellow paper. This directory contains a complete listing of business and professional firms and organizations within our canvass area, arranged in alphabetical order under appropriate headings. Included are: officers, owners, principals, number of employees, address and telephone number. Also included are the advertisements and business cards of firms and individuals desiring to make a more detailed presentation of their products or services. This directory represents reference advertising at it's best and merits the attention of all buyers and sellers seeking sources of supply or a market for goods. In a busy and diversified community, the necessity of having this kind of information up-to-date and immediately available is obvious. The Directory is a common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL DIRECTORY is the second major directory, printed on white paper. This directory intends to show the name, spouse's name, occupation, employer, address, designation of owner-occupied homes and telephone number of each adult resident. Also included is the name, official personnel, products and services, address and telephone number of business and professional firms in the city.

III. THE STREET ADDRESS DIRECTORY is the third major directory, printed on green paper. In this directory the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business firms are arranged in numerical order under the name of each street, and the names of the householders and businesses are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, telephone numbers, new householder symbols and zip codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major directory, printed on blue paper. This directory provides the name and address of the telephone subscriber when only a telephone number is known.

COMMUNITY PUBLICITY

The City Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence and as a business location.

The publishers appreciatively acknowledge those progressive business and professional firms who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

BOARDS OF EDUCATION

In Metro Toronto, there are two school systems; Public and Separate (Catholic). Each Municipality has a Public School Board, but the Separate Schools have one collective Metro Board. Voters may support either the Public or the Separate school system.

Both Boards receive funding from property taxes collected by the city. Voters, in declaring whichof the two school systems they support, are thus indicating to which board their education taxes will be allocated. In the case of the Metropolitan Toronto School Board, a per capita percentage of the school taxes is levied against each Municipality.

The Local Public School Board administers the public school system, both elementary and secondary. Members are elected at a local level. The number of members vary in each municipality.

The Metropolitan Separate School Board administers the separate elementary and secondary schools in Metro. Separate School supporters vote for members from each of the six area municipalities.

POSTAL CODE DIRECTORY

EXPLANATION OF INFORMATION IN THIS SECTION

1.
The streets are listed alphabetically and broken down into odd and even numbers, as in this example. In the second column are listed the street numbers with the corresponding postal CODE on the same line in the last column.

2.
When an asterisk precedes a number, or group of numbers, in the second column, this number specifies a suite or room number at the address listed on the previous line. This suite or room has a separate postal CODE, listed on the same line in the last column.

3.
Occasionally, street numbers (in this example "182", "192" and "214") are part of a group of numbers ("182-214") which has a particular CODE. These numbers (or number, in some cases) are then repeated on the following lines, in bold face, with different postal CODES. This indicates that at these addresses are located a large business firm or organization, or an apartment or office building, with their own CODES.

4.
The sign (★) identifies a postal CODE assigned exclusively to a customer receiving a large mail volume regularly and the CODE is not to be used by others who may subsequently occupy the same premises.
